(54) Title: INTRAVASCULAR FILTER RETRIEVAL DEVICE HAVING AN ACTUATABLE DILATOR TIP

(57) Abstract: A filter retrieval device having an actuatable dilator tip for retrieval of an intravascular filter from a body lumen is disclosed. An outer shaft coupled to a distal sheath is advanced along a filter wire to desired point within the vasculature. An intravascular filter such as a distal protection filter can be advance along the filter wire to a point distal a lesion to collect debris dislodged during a medical procedure. Disposable in part within the distal sheath is an actuatable dilator tip adapted to retrieve the filter at least in part within the distal sheath. Actuation of the dilator tip may be accomplished by any number of means, including a resilient number such as a spring coil, or by a reduced inner diameter portion disposed on the distal sheath adapted to engage a plurality of surfaces disposed on the dilator tip.

INTERNATIONAL SEARCH REPORT

ternational application No. PCT/US 02/06323

Box I O	bservations where certain claims were found unsearchable (Continuation of item 1 of first sheet)
This interna	ational Search Report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:
1. X Cla	alms Nos.: 22-29 cause they relate to subject matter not required to be searched by this Authority, namely:
	ule 39.1(iv) PCT - Method for treatment of the human or animal body by urgery
be be	aims Nos.: cause they relate to parts of the International Application that do not comply with the prescribed requirements to such extent that no meaningful International Search can be carried out, specifically:
3. Cla	aims Nos.: cause they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).
Box II Ob	bservations where unity of invention is lacking (Continuation of item 2 of first sheet)
This Interna	tional Searching Authority found multiple Inventions in this international application, as follows:
1. As sea	all required additional search fees were timely paid by the applicant, this International Search Report covers all archable claims.
2. As of a	all searchable dalms could be searched without effort justifying an additional fee, this Authority did not invite payment any additional fee.
3. As cov	only some of the required additional search fees were timely pald by the applicant, this International Search Report vers only those claims for which fees were paid, specifically claims Nos.:
4. No res	required additional search fees were timely paid by the applicant. Consequently, this International Search Report Is tricted to the invention first mentioned in the claims; it is covered by claims Nos.:
Remark on	Protest The additional search fees were accompanied by the applicant's protest. No protest accompanied the payment of additional search fees.
